DESCRIPTION

These long handled lawn shears enable effortless, easy and accurate cutting of lawn edges. The blades are rotatable by 180-degrees enabling horizontal or vertical cutting. They have a non-stick coating to help maintain their perfect cutting performance and chrome plating for corrosion protection. The long upright shaft enables the user to cut grass without leaning or bending over to reduce back strain. The handles are made from fibreglass which is ergonomically shaped to create a comfortable grip. The large wheels enable smooth maneuverability and help maintain a constant cutting height.
