BRAND Draper Expert

WARRANTY Consumable Warranty

FEATURES

- High performance mesh sanding discs made from resin bonded aluminium oxide
- Able to maintain performance 10x longer than conventional sanding discs
- Hook & loop
- Highly efficient dust extraction
- Compatible with all 125mm random orbital sanders with a hook and loop backing pad

DESCRIPTION

These high performance 125mm mesh sanding discs offer exceptional durability - able to maintain performance 10x longer than conventional sanding discs. The revolutionary designed mesh base is made from aluminium oxide which is resin bonded to provide extra-long lasting performance. The sanding debris moves through the mesh to avoid build-up and enables highly efficient dust extraction. The hook and loop backing allows the quick and easy changing of mesh discs and there is no need to align dust extraction holes, which saves time. Ideal for sanding and finishing wood, metal, aluminium alloy, painted surfaces, plastic and fillers. Compatible with all 125mm random orbital sanders with a hook and loop backing pad.

Stock No.	Grit Grade	Size	Pack Size
60164	80	125mm	10
60503	120	125mm	10
