Cooling System Vacuum Refill Kit

STOCK No. 09544 **BRAND** Draper

BARCODE 5010559095445

WARRANTY Lifetime

FEATURES

- Creates vacuum in cooling system to prevent air locks during refill
- Speeds up coolant filling, reducing workshop downtime
- Helps avoid overheating issues caused by trapped air
- Suitable for most sealed coolant systems (automotive, agricultural, power generation)
- Includes multiple adaptor rings (31, 35, 40, 42, 45 mm) for wide vehicle compatibility
- Transparent refill hose allows clear visual monitoring during operation
- Quick-connect air coupling for easy workshop compressor use

DESCRIPTION

Vacuum coolant refilling kit for quickly and cleanly refilling sealed engine cooling systems without introducing air locks. Ideal for auto technicians, fleet maintenance teams, and engineering workshops, this kit is suitable for most sealed coolant systems (automotive, agricultural, power generation)
