WARRANTY Lifetime

FEATURES

- Extending bit holder, ideal for use in tight and hard to reach spaces
- Bit holder also has a series of notches which makes it easy to lock at different lengths
- Screwdriver bits are chrome vanadium steel with a shot blast finish
- 1/4" Square drive sockets are chrome plated for corrosion protection
- Supplied inside a convenient carry case

DESCRIPTION

This screwdriver, socket and bit set features an extending bit holder, making it highly versatile for use in tight spaces and at awkward angles that might otherwise be difficult to reach. The bit holder also has a series of notches which makes it easy to lock at different lengths. The steel sockets are chrome plated for corrosion protection. While the screwdriver bits are made from chrome vanadium steel and have a shot blast finish. All are supplied arranged inside a handy carry case.

Minimum order 10 sets or multiples thereof
