18933	**(6) MS500-RPCPS**	**Racking Centre Brace**

HEALTH & SAFETY INFORMATION

- **DO NOT** use this racking for anything other than its intended purpose.
- It is recommended that assembly is carried out by 2 persons.
- The racking should only be placed on a level and solid surface.
- **DO NOT** stand or climb on the shelves.
- **WARNING! DO NOT** exceed the maximum load specified for each shelf.
  5 tier racking max load per shelf 400kg.
  2 – 4 tier racking max load per shelf 500kg. Reduce top shelf to 400kg unless racking is bolted to the floor.
- Evenly distribute the weight on each level and always keep the heavier loads on the bottom shelf.
- For added stability it is recommend that the racking is bolted to the floor using the pre-drilled holes.
- Take care when working with metal parts.
