

Sanding Discs, 200mm

BRAND Draper

WARRANTY Consumable Warranty

FEATURES

- Produced from aluminium oxide which is resin bonded for longer life and to provide anti-static, improved grain adhesion
- The heavy-duty E-weight backing paper enhances performance and makes the disc more durable and able to withstand the toughest of jobs
- Hook and loop backing promotes good adhesion and enables quick disc change
- The discs are suitable for sanding and finishing on wood, metal, aluminium alloy, painted services, plastics and fillers
- Compatible with all 200mm bench sanders with a hook and loop backing, including Draper's 230V Belt Disc Sander (Stock No. 98525)

DESCRIPTION

These 200mm sanding discs are produced from aluminium oxide which is resin bonded for longer life and to provide anti-static, improved grain adhesion. The heavy-duty E-weight backing paper enhances performance, with the sanding disc more durable and able to withstand the toughest of jobs. Hook and loop backing promotes good adhesion and enables quick disc change. The discs are suitable for sanding and finishing on wood, metal, aluminium alloy, painted services, plastics and fillers. They are compatible with all 200mm bench sanders with a hook and loop backing, including Draper's 230V Belt and Disc Sander (Stock No. 98525). The discs come in packs of 10, with varying grit specifications.
