12V Digital Brake Fluid Tester with Printer

STOCK No. 23707 **BRAND** Draper

BARCODE 5059482071386

WARRANTY 12 months parts and labour

FEATURES

- Built-in printer
- LCD display with analogue bar graph
- Flexible test probe made of stainless steel
- Rapid detection with sound alarm
- Powered by 12V car battery
- Includes positive/negative lead with clamps and printer paper

DESCRIPTION

This brake fluid tester quickly and efficiently checks the water content of brake fluid. It features an LCD display with an analogue bar graph for easy reading. The flexible test probe is made of durable stainless steel. The device allows for rapid detection and includes a sound alarm. It has a built-in printer that provides printed test results for evidence of safety checks and servicing. The tester is powered by a 12V car battery and comes with positive and negative lead with clamps and a roll of printer paper.

CONTENTS

1 x Flexible probe
1 x Positive/negative lead
1 x Roll of printer paper
