In-Line Ignition Spark Tester

STOCK No. 99924 **BRAND** Draper

BARCODE 5059482002403

WARRANTY 12 months parts and labour

FEATURES

- A clear inspection tunnel shows if there's a spark
- Clips into position easily, just push it into place
- A hands-free tool that you can carry in your pocket
- Suitable for vehicles & petrol or power operated tools
- No need to charge, draws its power from a source

DESCRIPTION

Diagnose faults quickly and accurately with this hands-free ignition spark tester. New to the Draper range, it features a 57mm probe length and 43mm clear inspection tool that instantly shows whether a spark is present. The In-Line Ignition Spark Tester clips easily into place and is a must-have tool for professionals who repair vehicles and petrol or power operated tools, such as trimmers, chainsaws, and lawnmowers.
