# 6/12V Smart Charger and Battery Maintainer, 4A

**STOCK No.** 53489 **BRAND** Draper

**BARCODE** 5059482006029

**WARRANTY** 12 months parts and labour

## FEATURES

- 10-step automatic smart charger that analyses and reconditions deep discharged batteries
- Charges and maintains 6V and 12V Lead-Acid batteries and 12V Lithium batteries at 100% for a long duration
- Winter charging mode protects batteries in freezing temperatures
- 12V DC power supply enables battery removal without losing car settings
- Compatible with 6V and 12V vehicles including cars, motorcycles and vans, including AGM batteries
- Charges EFB batteries when in 12V STD mode

## DESCRIPTION

This portable 4A smart charger does more than just charge 12V vehicle batteries. It has the ability to activate, analyse and recondition the battery in 10-steps, making it ideal for deep discharged batteries. The charger can be connected to a Lead-Acid or Lithium battery for a long duration without the risk of overcharging. It can also be used in winter temperatures as low as -20°C. It is easy to use and a cost-effective solution to keep batteries in good condition all year round.
