- Fitted with transport handle
- D20 batteries and chargers available separately
- The D20 interchangeable battery system allows you to combine the same battery/batteries with any of the tools within the D20 series

## DESCRIPTION

Part of the D20 multi-tool battery system. This versatile cordless compressor can run on either a single or double Li-ion battery for an extended run-time. It is equipped with a quick release Euro coupling outlet and twin gauges to measure tank and output pressures. The oil-free motor delivers high performance and reduces maintenance. Weighing less than 8kg, this compressor is compact and lightweight, fitted with a transport handle for maximum portability. 4L tank. D20 batteries and chargers available separately. The D20 interchangeable battery system allows you to combine the same battery/batteries with any of the tools within the D20 series.
