Draper Expert TCT Circular Saw Blade for Wood with PTFE Coating, 250 x 30mm, 60T

STOCK No. 35241 **BRAND** Draper Expert

BARCODE 5059482012969

WARRANTY Consumable Warranty Applies

FEATURES

- PTFE coating improves ease of the cut, reduces heat prevents rust and resin build-up
- Micrograin titanium carbide teeth provide thin cuts and little waste
- Anti-friction vents reduce vibrations and noise
- For use on hardwood, softwood, MDF. Chipboard and plywood
- Compatible with most 250mm circular saws with a 30mm bore

DESCRIPTION

This laser cut Titanium Carbide-Tipped (TCT) circular saw blade has a PTFE coating, which improves the ease of the cut, reduces heat in the blade and prevents rusting and resin build-up. The micrograin titanium carbide teeth provide thin cuts and little waste. The heat expansion slots are laser cut and this provides the blade with enough room to expand when it heats up. Anti-friction vents tap vibrations ensuring the blade runs more true without any unbalance. These vents also limit the amount of noise from the blade, which is great for use in a quieter working environment. The anti-kickback design prevents the blade feeding too quickly. Designed for use on hardwood, softwood, MDF, chipboard and plywood. Compatible with most 250mm circular saws with a 30mm bore. EN847-1 Standard.

CONTENTS

1 x Draper Expert TCT Circular Saw Blade for Wood with PTFE Coating, 250 x 30mm, 60T

SPECIFICATIONS

Material	Steel with TCT teeth
Diameter	250mm
Bore	30mm
Tooth count	60T
Kerf	2.3mm
Grind	Alternate Top Bevel
Rake angle	15°
Max speed	5,300rpm
Weight	0.627kg
