Foldable Funnel

STOCK No. 04954 **BRAND** Draper

BARCODE 5010559049547

WARRANTY 12 months parts and labour

FEATURES

- Malleable funnel made from flexible aluminium with nitrile rubber coating
- Easily cleaned by most common degreasers or cleaners
- Bends and forms to create a leak-proof channel for draining or filling
- Eliminates the use of cardboard, plastic jugs and other messy solutions
- Prevents oils/fluids being accidently spilt onto the engine, gearbox and neighbouring parts
- Perfect for small engine repair, servicing, automotive work, changing the oil in air compressors, draining and pouring fluids or granular material
- Retains shape and can be used time and time again, whilst being resistant to antifreeze, petrol, diesel, transmission oil, engine oil and brake fluid etc

DESCRIPTION

Malleable funnel made from flexible aluminium with a nitrile rubber coating. Designed to be easily cleaned by most common degreasers or cleaners. Bends and forms to create a leak-proof channel for draining or filling, eliminating the use of cardboard, plastic jugs and other messy solutions, while preventing oils/fluids accidently spilling onto the engine, gearbox and neighbouring parts. Perfect for small engine repair, servicing, automotive work, changing the oil in air compressors, draining and pouring fluids or granular material, creating all kinds of funnels and making improvised pans. Retains shape and can be used time and time again, whilst being resistant to antifreeze, petrol, diesel, transmission oil, engine oil and brake fluid etc.

CONTENTS

1 x Foldable Funnel
