STOCK No. 02520 **BRAND** Draper

BARCODE 5059482033773

WARRANTY 24 months parts and labour

FEATURES

- Soft start
- Variable speed
- Adjustable parallel fence
- Fine height adjustment
- Compatible with 1/4", 1/2" and 12mm collets

DESCRIPTION

This versatile router has a powerful 1,800W motor that is equipped with a soft start and variable speed. It features an adjustable parallel fence and a set of accessories to get started with straight away. The depth locking lever, adjustable depth stop and fine height adjustment enable easy, precise cutting and shaping of different materials. The two side handles allow for a firm grip during application. There is an integrated trigger switch on the handle for ease of use and a trigger safety button. Compatible with 1/4", 1/2" and 12mm collets.
