- Measures W 853 x H 1,583 x D 622mm

DESCRIPTION

The BUNKER diagnostic trolley is constructed from steel and features a durable industrial powder coated finish, making it ideal for busy workshops. It includes a top compartment with a lockable lid that opens smoothly with gas struts. Inside, there is a power access grommet and a holder for a screen. There is a large lockable storage area at the base. Each of the four drawers is lined with thick EVA foam to protect your tools. For added security, all drawers lock, making this trolley suitable for storing laptops, testers, and battery chargers. The trolley is easy to manoeuver, equipped with two side handles and swivel castors, two of which have brakes.
