DESCRIPTION

The BUNKER modular corner unit pegboards are available as a pair, each measuring 795mm. They are perfect for expanding storage capacity and allow you to proudly showcase your tools, creating an impressive focal point. Our pegboards can be used as standalone units or as part of the game-changing BUNKER modular storage system to transform your space.

When combined with the side wall bracket, the pegboards/back panels facilitate the connection of corner wall cabinets to corner floor cabinets. Additionally, the panel features a pre-cut hole designed for seamlessly passing a plug through, allowing for a convenient connection to a power supply.
