Bonnet and Tailgate Support, 540-1200mm

STOCK No. 99699 **BRAND** Draper

BARCODE 5059482000164

WARRANTY Lifetime

FEATURES

- Aluminium telescopic support
- Prop extends from 540 to 1200mm with a 3-stage locking system
- Suitable for supporting tailgates and bonnets as well as depressing the clutch, brake or accelerator pedals

DESCRIPTION

This universal bonnet and tailgate support extends in 3 sections to 1200mm with a simple twist to lock it in place. It comes with two anti-slip pads to ensure the prop stays in position at all times. Not only is it compatible with most makes and models of cars and commercial vehicles, but it's ideal for propping tailgates and bonnets when the gas struts are leaking or if the OEM manual bonnet prop is missing. It's been manufactured from a weather resistant aluminium so it can be used in the workshop, garage or outside.

CONTENTS

1 x Bonnet and Tailgate Support, 1.2m
