Draper Expert AC/DC High Voltage CAT IV Tester, 1000V

STOCK No. 21250 **BRAND** Draper Expert

BARCODE 5059482070327

WARRANTY 12 months parts and labour

FEATURES

- For testing 6V-1,000V DC systems and 24V-1,000V AC systems
- Easy-to-read LCD digital display
- Self-test function
- Light for test point illumination
- Insulated and sharpened probe for accessing circuits and switches with adjustable covers
- Suitable for most hybrid and electric cars, motorcycles, commercial vehicles, trailers, boats and agricultural vehicles
- Requires 2 x AAA batteries (available separately)

DESCRIPTION

This high-voltage circuit tester is designed to check automotive circuitry, domestic wiring, and electronic equipment. It is specifically designed for testing 6V-1,000V DC systems and 24V-1,000V AC systems. The tester features an easy-to-read LCD digital display, including a bar chart displaying voltage ranges of 6, 12, 24, 50, 120, 230, 400, 690, and 1,000V. Additionally, it includes a self-test function, a light for illuminating the test point, and an insulated and sharpened probe for accessing circuits and switches with adjustable covers. This tester is suitable for use with most hybrid and electric cars, motorcycles, commercial vehicles, trailers, boats, and agricultural vehicles. Requires 2 x AAA batteries (available separately).

CONTENTS

1 x Draper Expert AC/DC High Voltage CAT IV Tester, 1000V

SPECIFICATIONS

CAT category	CAT IV 1,000V
AC voltage range	24-1,000V
DC voltage range	6-1,000V
Voltage increments	1V
Accuracy	±3% and ±3V
Ingress protection	IP65
Weight	0.285kg
