110V M-Class Dust Extractor, Wet and Dry Vacuum Cleaner with Power Take-Off, 35L, 1100W

STOCK No. 28229 **BRAND** Draper

BARCODE 5059482109034

WARRANTY 12 months parts and labour

FEATURES

- M-Class 99.9% filter efficiency
- 110V power take-off socket (max. 660W) for automatic dust extraction
- 1100W motor delivers 210 air watts of suction performance
- Filter cleaning system helps maintain suction performance
- Anti-static hose prevents build-up of static charge and blockages
- LED airflow indicator
- Adjustable motor speed for enhanced suction control
- Includes a wide range of accessories

DESCRIPTION

This wet and dry vacuum cleaner is designed to meet with the M-class standard and effectively removes 99.9% of medium hazardous dust removal, in accordance with HSE recommendations. It features a 110V power take-off socket (max. 660W) for automatic dust extraction during sanding and drilling. The 1100W motor provides 210W of air watts for strong suction performance. To maintain optimal suction, the vacuum includes a filter cleaning system that prevents clogs and removes trapped debris, extending the lifespan of the vacuum. The anti-static hose is designed to prevent the build-up of static electricity and blockages caused by ultra-fine particles. An LED indicator alerts when airflow drops below 20m/s. The adjustable motor speed allows for enhanced suction control, which can be lowered for delicate surfaces or increased for more challenging tasks. The sealing cap effectively blocks hazardous dust from entering or escaping when the vacuum is turned off or being moved. A wide range of accessories is included.

CONTENTS

1 x 2.5m Antistatic EVA suction hose
2 x Metal extension wands
1 x Metal airflow control handle
1 x M-Class cartridge filter (dry use)
1 x Foam filter (wet use)
3 x Hygiene seal fine filtration dust bags
3 x Disposable tank liner bags
1 x Antistatic crevice tool
1 x Floor nozzle w/ 1 x Squeegee insert & 1 x Brush insert
1 x Power tool adaptor

SPECIFICATIONS

Voltage	110V
Motor	1,100W
Power take-off	660W
Tank capacity	35L
Wet capacity	24L
Dry capacity	27L
Vacuum pressure	210hPa
Air flow	129.6m3/h
Air suction	210W
Filtration type	Cartridge
Protection rating	IPX4
Sound pressure	75db(A)
Power cable	7m
Weight	10.5kg
