FEATURES

- Perfect for rough or deep textured surfaces
- Suitable for all types of emulsion paint
- Made of woven polyester
- Even coverage with minimal splatter
- Fits a cageless 9" roller frame

DESCRIPTION

This long pile roller sleeve is perfect for applying paint on rough or textured surfaces. It has a 18mm nap which allows it to reach into the crevices found on deep textured ceilings. This roller can be used with all types of emulsion paint and is made of woven polyester that ensures even coverage and minimal splatter. Fits a cageless 9" roller frame.
