-

DESCRIPTION

Portable and compact twin stage pneumatic jack, capable of lifting 50 Tonnes. The 3 stage adjustable ergonomic handle is fixed with a "Slow Down" valve and a "Self-Return" switch for increased safety and easy use. Fitted with industrial quality seals prolonging the life of the jack, a safety overload valve and twin rubber coated wheels for a quieter and smoother operation, whilst also preventing damage to garage floors and improving manoeuvrability. Supplied with 45mm and 75mm height lift extensions and a 1/4" BSP airline connector. Manufactured, tested and certified to the current EN1494 standard.

Manufactured to EN1494 Specification
