FEATURES

- Manufactured from hardened and tempered drop forged chrome vanadium steel
- High leverage rivet enables enhanced grip and cutting power with less effort
- Precision machined and induction hardened cutting edges for gripping strength and accuracy
- Finely ground head with black oxide finish and electrophoretic plating for superior corrosion resistance
- Ergonomic soft grip handles ensure a secure and comfortable hold, helping to reduce fatigue

DESCRIPTION

These combination pliers are premium designed with a high leverage function for increased grip and cutting power. They are manufactured from hardened and tempered drop forged chrome vanadium steel. The jaws have precision machined and induction hardened cutting edges enabling extra grip and accuracy. The head is finely ground and has a black oxide finish and electrophoretic plating for superior corrosion resistance. The ergonomic soft grip handles provide a secure and comfortable grip while allowing for maximum force, making them require less effort and reducing fatigue during use.

Stock No.	Length
28516	175mm
