DESCRIPTION

Part of the D20 multi-tool battery system. This cordless random orbit polisher is equipped with a high performance brushless motor. There is a choice of six speeds to suit application. The motor enables a smooth start and there is a focus on safety features including anti-restart and overload protection. The slide on/off switch with lock-on function allows continuous operation whilst the side handle is held. There is an ergonomic soft grip handle as well as easy-grip sections on the head of the polisher enabling comfortable sideways work. Supplied with hook and loop wool pad, sponge pad, hex wrench and auxiliary handle. D20 batteries and chargers available separately. D20 interchangeable battery system allows you to combine the same battery/batteries with any of the tools within the D20 series.

24 month warranty extended to 36 months on registration.

The D20 interchangeable battery system allows users to combine the same battery/batteries with any of the tools within the D20 series.

CONTENTS

- 1 x Wool pad
- 1 x Sponge pad
