FEATURES

- Combines the convenience of a pistol grip with the power of a lever-handle grease gun
- Simple pull button and slide to change mode between high pressure/high volume
- Pistol mechanism for use in confined spaces
- Lever action for high pressure and high volume application
- Aluminium die cast head fitted with bulk loader and air bleeder valve
- Dual grease outlets, front and top, making it easy to grease even the most inaccessible points
- Complete with 450mm flexible hose and 150mm steel extension and coupler
- Compatible with 450gsm grease cartridges or 650cm³ bulk grease

DESCRIPTION

This grease gun combines the convenience of a pistol grip with the power of a lever-handle. Featuring a 2-way operating telescopic handle to switch between pistol grip for use in confined spaces and lever handle for high pressure and high volume applications. A simple pull button and slide permits easy switching between high-pressure and high-volume modes. Aluminum die-cast head fitted with bulk loader and air bleeder valve. The head has dual grease outlets, front and top, making it easy to grease even the most inaccessible points. Supplied with 450mm hose and a 150mm steel extension and coupler. Designed for easy loading and priming, it can be used with a 450gsm grease cartridge or 650cm³ bulk grease.

CONTENTS

1 x 150mm Steel extension

1 x 1/8" BSPT x 450mm Flexible hose with professional 3-jaw coupler
