DESCRIPTION

The BUNKER modular floor cabinet features 7 spacious drawers and can be used as a standalone storage cabinet in conjunction with our stainless steel or hardwood worktop (sold separately) or as part of the wider BUNKER modular storage system, which includes a selection of clever modular options. The adjustable feet can be unscrewed and replaced with castor wheels (stock number 09056).

The floor cabinet features a robust matt black textured finish complemented by durable aluminium handles, offering a sleek and contemporary look suitable for any environment. Each drawer includes a smooth, soft-close mechanism and high-quality foam lining to protect your tools. Furthermore, the cabinet has an integral lock and is supplied with two keys for extra security.

Upgrade your garage, workshop or commercial space with BUNKER modular storage systems where each unit is built to perform and designed to impress.

Explore our range of online stockists to get your BUNKER delivered directly to you.

Some BUNKER products are sent on pallets. Their high quality construction means that some products are heavy and will require two people to lift them. Tools not included.
