- Suitable for inflating most tyres, airbeds, footballs and paddling pools
- Integrated storage for air hose, 12V DC adaptor and cable and accessory kit
- Includes three inflating adaptors and spare 10A fuse

DESCRIPTION

This portable air compressor comes with a large digital LED display that shows pressure in PSI, BAR, and KPA. It has four preset inflation modes for car, motorbike, bicycle, and ball, as well as a manual mode for setting custom pressure values. The compressor is suitable for inflating most vehicle tyres, including cars, bicycles, motorcycles, light commercial vehicles, and 4x4s. It has built-in storage at the back for an accessory kit containing three adaptors suitable for inflating airbeds, paddling pools, and footballs, along with a spare 10A fuse. The air hose is integrated into the unit and can be neatly stored away. There is also a storage compartment for the 12V DC adaptor and cable. Additionally, it features an integrated LED torch with constant beam, slow flashing/SOS, and fast flashing/strobe modes. The compressor is powered from a vehicle's 12V DC power socket.
