DESCRIPTION

Part of the D20 multi-tool battery system, this cordless surface mounting garden pump is capable of lifting water up to a maximum of 22 metres and will pump up to 2,800L/h on normal mode and 2,000L/h on eco mode. It can be used for pond or tank drainage and, with a garden spray gun fitted - it is a quick and easy way to use rainwater in the garden. There is a choice of two pumping speeds: normal and eco. It is lightweight and is fitted with a carry handle for portability. Supplied with a 2m suction hose and two connectors. D20 batteries and chargers available separately.

24 month warranty extended to 36 months on registration.

The D20 interchangeable battery system allows users to combine the same battery/batteries with any of the tools within the D20 series.

CONTENTS

1 x 2m suction hose
