

3 Bank 6/12V Smart Charger 12A (3x4A)

BRAND

WARRANTY

FEATURES

- Charges up to three batteries at once with independent 4A outputs
- Fully automatic charging helps protect against overcharging
- Compatible with Lead Acid, Gel, AGM, Calcium and EFB batteries
- Suitable for batteries from 4Ah to 120Ah
- 1.5V start voltage allows recovery of low-voltage batteries
- LED indicators provide clear charging status updates

DESCRIPTION

Multi-bank automatic battery charger designed to charge and maintain up to three 6V or 12V batteries simultaneously. Ideal for vehicle owners, workshops, garages, and fleet operators, it features fully automatic charging and LED indicators to provide clear charging status updates.

CE, EMC, LVD, GS and RoHS certified

CONTENTS

- 1 x 3 Bank 6/12V Smart Charger 12A (3x4A)
- 1 x Manual
- 3 x Red&Black Clamps

SPECIFICATIONS

Charging Current: 3 Bank (4A x 3)
Battery Voltage: 6V/12V
Power: 200W
Voltage AC: 220-240VAC,50-60HZ
Charging type: ,Fully automatic
Cable Length: 1.5M (input)+ 1.5M x 3 (Output)
Battery Capacity: 4-120Ah
Charging Start Voltage 1.5V
Indication:LED
Battery Type : Lead Acid, Gel, AGM , Calcium, EFB
