230V Pressure Washer, 2100W, 165bar

BRAND Draper

WARRANTY 24 months

FEATURES

- Brushless induction motor
- Auto control with total stop device
- Stainless steel spray lance and patio cleaning attachment
- Integrated detergent bottle
- Also supplied with fixed brush, six quick nozzles (including turbo nozzle), cleaning pin and inlet filter

DESCRIPTION

Powered by an induction motor, this pressure washer is perfect for trade use, as well as for cleaning patios, cars, caravans or worksites. The brushless motor means the machine has better longevity, is more efficient and requires less maintenance. This washer features a telescopic handle and large wheels, which make it easy to manoeuvre. The 6m high-pressure hose is conveniently stored on an integrated reel with a winding handle, making this washer tidier and safer when not in use. The total stop device is designed to save water, thus prolonging the life of both the pump and the motor. Included in the kit is a patio cleaning attachment with a pivoting joint that facilitates use on both horizontal and vertical surfaces.
