FEATURES

- Cuts UPVC and hard plastics
- Blade manufactured from high-quality 1mm thick 65Mn carbon steel
- Double ground hardpoint teeth
- Faster cutting with optimal material removal in both forward and reverse motions
- Ultra-tough lacquer protects blade from corrosion whilst also easing friction when sawing
- Soft grip ergonomic handle, ensuring user comfort even when used for prolonged periods

DESCRIPTION

This Draper Venom handsaw is designed to cut UPVC and hard plastics. The blade is manufactured from high-quality 1mm thick 65Mn carbon steel, that is correctly hardened, tempered, straightened and stress relieved to ensure the blade's strength and straightness. The top edge of the blade is smoothed and de-burred to prevent sharp edges. The double ground hardpoint teeth are set to deliver faster cutting with optimal material removal in both the forward and reverse action. The finely ground blade is coated with an ultra-tough lacquer protecting the blade from corrosion whilst easing friction while sawing. Fitted with an ergonomic soft grip handle that guarantees user comfort, even when used for prolonged periods.
