230V Submersible Clean Water Pump with Float Switch, 130L/min, 250W

STOCK No. 27479 **BRAND** Draper

BARCODE 5059482108167

WARRANTY 12 months parts and labour

FEATURES

- Submerge up to 7m deep
- Clears water quickly, 130L per min
- Automatic float switch
- Easy to clean and store
- Carry handle and compact design

DESCRIPTION

This submersible clean water pump efficiently removes debris-free water from flooded basements, pools and hot tubs. It is also suitable for water transfer for irrigation, garden water features and rainwater harvesting systems. The pump can be submerged up to 7m deep and its automatic float switch turns the motor on or off depending on the water level. While designed for clean water, it can handle small debris such as gravel and dirt up to 3mm wide. Lightweight and compact, it features a convenient carry handle for easy transport.
