230V Orbital Jigsaw, 750W

STOCK No. 70153 **BRAND** Draper

BARCODE 5059482015458

WARRANTY 24 months parts and labour

FEATURES

- Greater speed and efficiency over a normal jigsaw
- Four pendulum settings and a quick clamp blade change function
- Aluminium base and six variable speed options
- 0-45° bevel cutting
- Soft grip handle for added comfort

DESCRIPTION

Orbital jigsaws enjoy greater speed and efficiency over a normal jigsaw. This model has four pendulum settings, giving it the ability to cut into thicker and harder material more quickly, according to the material type. The jigsaw has an aluminium base and a quick clamp blade change function, making blade replacement quick and easy. There are six variable speed options, with 0-45° bevel cutting possible. The soft grip handle gives added comfort.

Manufactured and individually certified to CE and UKCA
