Lightweight Telescopic Handle Tree Pruner

STOCK No. 03551 **BRAND** Draper

BARCODE 5059482034374

WARRANTY Lifetime

FEATURES

- Saw blade for thicker branches
- Aluminium tubular pole with simple lock/twist telescopic action
- Spring-loaded cord operation

DESCRIPTION

This tree pruner has a telescopic handle that extends from 1.2m to 2.4m long, allowing a longer reach for higher branches. The handle is a tubular pole made from lightweight aluminium. It has four telescopic lengths to choose from, achieved by a simple lock/twist action to select and secure in place. The sharp saw blade is made from high carbon steel and it has a maximum cutting capacity of 32mm. There is a spring-loaded double pulley cord system for easy cutting.

CONTENTS
