

Technical Data Sheet

General

Article number: 5525

Description: Fine Dust Mask with valve and active carbon – FFP2 NR

Specification:

The Colad filtering half mask with activated carbon provides light, effective, comfortable and hygienic protection against dust particles and mists. Thanks to a layer of activated carbon, it provides protection against the ozone generated in welding processes and troublesome levels of gasses and smells (in concentration below the maximum allowable concentration (MAC), caused by industrial processes.

You can use the mask while you're working on or working with: sanding old coats of paint, coatings, scraping, adhesive sanding, grinding, cutting, drilling wood, smoke particles from soldering, waste management, pesticide fumigation, and for the use/cleaning of animal feeding systems.

Features and benefits:

- 1 synthetic band
- Adjustable nose clip
- With an exhalation valve
- Soft inner material
- Active carbon
- FFP2 NR

Technical Specification:

Protection	Liquid aerosols and solids, non-toxic, medium toxicity
Use	One work shift (max. 8 hours). Not reusable
Coding	FFP2: 10x MAC (maximum allowable concentration), >94% filtration
Main component	Non woven / active carbon
Directive	PPE regulation 2016/425/EU
PPE Category	CAT III
Harmonised norm	149:2001+A1:2009
Dust classification	FFP2
Notified body number	CE 0082 (Apave – France)
Module C2 control	CE 0161 (AITEX – Spain)
Colour	Grey
Packaging	12 pieces in a box (individually packed)
Packaging unit	48 x 12 pieces per carton
