Description: High Pressure Hose PU/TPR Anti Static 10 x 15 mm

EAN: 8714247067277

Colad High Pressure Hose PU/TPR Anti Static 10 x 15 mm

High-Pressure Air Hose for a durable solution for power tools. The Colad High-Pressure Air Hose Anti-Static has been developed to be used as a durable solution for pneumatic power tools. The hose is silicone-free and therefore suitable for spray paint applications. Due to its anti-static properties (resistance $< 10^4 \Omega$), it prevents static discharges and is also suitable to be used in paint processes which generate potentially explosive atmospheres. The Air Hose is printed with meter marks. This marking assists in measuring and cutting. It is excellent for use in a spray booth. The hose is lightweight, but very strong. It is packed in a unique, self-dispensing box for ease of handling and cleanliness.

Benefits of the High-Pressure Air Hose Anti-Static

- With printed meter marks
- Lightweight, but very strong
- Packed in a unique, self-dispensing box
- Silicone-free, therefore suitable for spray paint applications
- Prevents static discharges

Packaging information

Packed in a unique, self-dispensing box for ease of handling and cleanliness.

Technical information

- Colour: Blue/yellow
- Material: Thermoplastic rubber (PU/TPR) with a polyester reinforcement
- Properties: Silicone free
- Working pressure: 20 bar
- Burst pressure: 60 bar
- Electrical resistance: $< 10^4 \Omega$
- Packing: In a special dispenser box with an opening in the middle
- Inside diameter: 10 mm
- Outside diameter: 15 mm
- Length: 60 m
