Grit 1000	Grit 2000	Grit 3000	Grit 4000
			

Packing: Box of 20 pieces.

Remarks

Colad Optimus, a quick and safe abrasive solution for eliminating paint defects. By sanding the surface with Colad Optimus before polishing you speed up and improve the polishing process and its final result.

Due to its flexible foam base Colad Optimus offers a perfect solution for sanding angled and edged surfaces, which limits the risk of possible pressure marks. Using the Colad Optimus preliminary to polishing with Colad OneStepReady results in an increased high-gloss result and a decrease of polishing time.

Suitable for both wet and dry sanding, both by machine and by hand.
Resistant against most degreasers.
