## Questions Fréquemment Posées

### > Can I get tailor made paint mixing room equipment?

We are well known for our tailor made mixing room solutions. If you want a mixing room facility that fastens and fits perfectly into your daily work process, then ask us for a solution just designed for your company.

### > Do you have solutions for a complete professional mixing room?

All equipment is manufactured in polished stainless steel to avoid paint contamination, prevent rust and allow easy cleaning. The complete solution includes tables, washing machines, can containers, all the extraction tubes and fans to renew the air in the mixing room. Consult with our experts to get a quote for your new clean and efficient mixing room. High quality and compliance with all environmental regulations are guaranteed. Hamach stainless steel mixing room equipment is the best solution for a safe and clean mixing area that conforms to current regulations.

### > With what stainless steel tables is the Paint Spray Board combined?

The spray board is combined with art.no. 000463, 000465, 000462, 000460.

### > When do I replace the air filter?

The air filter has to be replaced frequently. The screen that support the filter is easy to remove by turning the four handles placed on each angle. You can find more information in the manual.

### > What are the guarantee details?

The spray board HS 1800 is exclusively determined for spraying spray samples or small parts and not for other purposes. This machine is guaranteed against manufacturing and material defects for a period of 12 month from the date of purchase. This does not cover the product where the fault is due to misuse, abuse, use in contravention of the instructions, or where the product has been the subject of unauthorized modifications or alterations. The guarantee of the HS 1800 spray board will also expire when it is used for other purpose than determined. In the event of a problem with the product within the guarantee period please return it to your service center. If the item is shown to have an inherent defect present at the time of sale, it will be repaired or you will get a replacement. You can find more information in the manual.
