

Technical Data Sheet

General

Article number: 9319xxx
Description: Metal Spray Samples with Magnetic Holder

Specification:

This is an easy way to test paint for colour accuracy of both water-based and conventional paint by using Metal Spray Samples. They come with a black stripe (except for the black version) to indicate the degree of the colour's opaqueness and a \varnothing 15 mm hole to match the colour. On the backside of the Metal Spray Sample is enough space to note down the colour number and further information on the corresponding vehicle or colour. 250 pieces and a magnetic holder per package.

Features and benefits:

- Colour accuracy check
- Suitable for waterborne and conventional coatings
- Black stripe to indicate the degree of the colour's opaqueness (except for the black version)
- \varnothing 15 mm hole to match the colour
- Available in six versions: white, light grey, medium grey, dark grey, black and a packaging with a mix of 4 colours

Available versions:

Art. no.	Version	Packaging
9319	White	250 pieces + magnetic holder
9319-01	Light grey	250 pieces + magnetic holder
9319-02	Medium grey	250 pieces + magnetic holder
9319-03	Dark grey	250 pieces + magnetic holder
