## Antidust Premium

**Tacky transparent booth coating, with improved formula!**

A transparent, protective coating with tacky properties that forms a tacky layer on your spray booth walls. Protects your walls from overspray and captures swirling dust particles thanks to the tacky formula. Antidust Premium protects better thanks to the improved formula during low humidity conditions for instance during winter periods. Guarantees that your spray booth walls stay tacky up to 1 month or 85 booth cycles.

- Keeps your walls clean
- Tacky formula captures overspray, dust and dirt
- Improved formula; protects better during low humidity conditions
- Ready to apply
- Silicone-free
- No loss of light and no negative effect on colour judgement due to the transparency
- Humidity:  $\geq 60\%$  RH

### Improved formula!

Antidust Premium protects better, during low humidity conditions for instance during winter periods.
