## Antidust Premium White

***Make your spray booth look like new again!***

A white, protective coating with tacky properties that forms a tacky layer on your spray booth walls. Creates a white layer on your walls, making the spray booth look like new again! It also protects your walls from overspray and captures swirling dust particles thanks to the tacky formula. Antidust Premium White protects better thanks to the improved formula during low humidity conditions for instance during winter periods. Guarantees that your spray booth walls stay tacky up to 1 month or 85 booth cycles.

- Makes your spray booth look like new again
- Keeps your walls clean
- Tacky formula captures overspray, dust and dirt
- Improved formula; protects better during low humidity conditions
- Silicone-free
- Gives a bright appearance due to the white colour
- Humidity:  $\geq 60\%$  RH

### Improved formula!

Antidust Premium White protects better, during low humidity conditions for instance during winter periods.
