

# Technical Data Sheet

**General:**

Article number: 99xx (9910, 9915, 9920)

Description: Paint Touch-up Sticks

**Specification:**

The Paint Touch-up Sticks are an excellent tool for retouching small spots where the paint is damaged and needs a very minor paint repair. The tip of the stick is lint-free and made of non-absorbing fibres. The sticks can also be used for removing dust and cleaning very tiny car parts.

**Features and benefits:**

- Available in 3 very tiny sticks, for most accurate application of small paint repairs
- The tips have a flexible head that can be bent slightly
- Packed in a transparent dispenser to make it easy identify the right size by colour
- Sticks are upside down in the dispenser, and can be taken out without contaminating the other stick tips
- Packing in tubes with lid provides clean storage

**Application:**

Perfect to apply a small amount of base coat / primer and-/or clear coat for a small repair. Dip the brush in the paint to apply on the object. The paint tip can be bent slightly for hard-to-reach areas. Can also be used to remove small dust particles and/or to clean small objects or areas.

**Technical specification:**

- One-time use only (disposable product)
- Lint-free tip
- In a transparent dispenser
