

CRIMESHIELD

Crimeshield is an industry accredited crime prevention solution for all kinds of properties, requiring discreet but durable window protection against vandalism.

- Crimeshield provides protection for windows against vandalism, through a sturdy, perforated metal screen. It gives the impression of tinted glass from a distance but is a visual deterrent close-up.
- Crimeshield is mounted in front of the glass in windows or doors. The window security grille can be fitted onto existing windows and looks equally effective mounted in traditional and contemporary frames.
- Crimeshield allows well over 60% of natural light to enter the building, to maintain good visibility indoors.

APPLICATION

- Crimeshield has been fitted in many locations including offices, warehouses, supermarkets, schools, public buildings including police stations and shops.
- Each shield is manufactured to customer requirements so can be made to most shapes and sizes and can be fitted on each individual pane of glass, maintaining full usage of opening windows.

SPECIFICATION

- 2mm thick galvanised steel sheet housed in a 35mm x 35mm aluminium frame, with a matrix of perforations to provide a 60% free area. Slimmer frame profile is available on request.
- Architecturally designed heavy gauge two piece aluminium extrusion frame.
- Secured with concealed anti-tamper fixing screws.
- Fixing type – various options dependant on window type. Most common fixing is inset mount (between reveals) and face fix direct to window frame.
- Guaranteed for a period of 12 months from date of purchase.
