

Secured by Design

Police Preferred Specification

KM 526410
BS EN 1303:2005

DESCRIPTION

The Asec Kite Elite range includes cylinders that are Secured By Design approved and have a TS007 3 Star rating; this gives protection and reassurance to end users.

The cylinders are snap resistant, anti-bump, anti-pick and anti-drill and are compliant with the BS 1303 Kitemark to guarantee quality and performance.

FEATURES

- Pick Resistant - Provided by special driver profile
- 3 star rating meets security standard BS EN 1303:2005 TS007 2012
- Snap Resistant - Break away sections
- Bump Resistant
- BSI Kitemarked - Guarantee quality and safety
- Drill Resistant - Configuration

3-Star Euro Double Cylinder

NOTE:

When selecting an Asec Kite 3-Star cylinder please take note of the external side of the cylinder in order to ensure snap resistant properties and certifications are maintained.

External sides can be identified by **(Ext)** on **Euro Double Cylinders** and the **key side** on **Euro Key & Turn Cylinders**.
