Delivery service estimates are based on mainland UK only, and are dependent on stock availability. Other serviced areas may have an extended delivery time frame. Although we endeavour to deliver all orders within the quoted times, the seller shall not accept any liability for failure to dispatch within this time.

For any failed deliveries due to the end-user, the seller will charge for failed delivery and redelivery. Despatch times will be extended during holiday periods. Failure to supply the seller with all required delivery information may result in extended despatch times.

All deliveries are made curb-side, and it is the responsibility of the person accepting delivery to transport goods into the property. Damages must be reported within 48 hours; any claims reported within this time will be judged at the discretion of the seller.

The seller cannot accept responsibility for any claims made after this time. All deliveries must be fully checked by the person accepting delivery and any shortages reported at the time of delivery.

This publication is issued subject to alteration or withdrawal without notice. The illustrations and specifications are not binding in detail.

All offers and sales are subject to the company's current terms and conditions of sale. Printed colours in this publication, whilst a good reflection, they may not be an exact match to the finished products.

All prices shown include VAT and are correct at the time of going to press.

Welcome to our new Infinita Designer Radiators & Towel Rails.

We are proud to present our most extensive collection of designer radiators, complemented by expanded ranges of towel rails and electric products. This edition is designed to inspire interior design choices that move beyond conventional flat-panel radiators, offering heated solutions that elevate every room in the home.

Current trends in surface finishes include classic white, textured grey, anthracite, and sleek black. Our aluminium radiators continue to captivate with metallic matt bronze; while brushed brass, bronze, and nickel are making a striking impact across the latest bathroom towel warmers.

Our bathroom collection has been significantly enhanced with contemporary designs and innovative Wi-Fi controlled options, including the Selby range of towel warmers. At the same time, our traditional offering has been enriched with timeless designs, ideal for period properties or to add a classical touch to eclectic modern interiors.

1. Suffolk Towel Warmer in Matt Black.
Also available in Brushed Brass & Chrome

2. Boswell Horizontal in Textured Grey - 'The modern whole home radiator'

3. Regal Cast Iron Radiators in Matt Black. Simple cast quality, which is also available in White and Antique Brass finishes.

4. Malany in Brushed Bronze. The warmth of modern metallic finishes.

Column Radiators

5. Lasenza White

Designer Electric

6. Capella Vertical in Textured Grey

7. Fusion towel rail in Brushed Brass. Heat output + ample towel drying.

A striking Towel Rail stands as the ultimate focal point in any bathroom interior, adding both functionality and style.

Transform your bathroom with the centrepiece it deserves - a stunning Towel Rail. Explore a range of designs within these pages, from contemporary statements to timeless classics.

For a touch of luxury, consider our popular Maleny Towel Rail available in Brushed Brass, Brushed Bronze, and Brushed Nickel; guaranteed to impress your guests. Complete the look with our Thermostatic Valves, including brushed brass options for a flawless finish.

Add a modern touch with additional heat output with our Fusion Towel Rail, available in Brushed Brass, Matt Black, and Chrome to seamlessly match your interior. Fusion incorporates an efficient aluminium radiator.

For the latest technology, see our all electric Selby and Torano ranges, which are available in the contemporary finishes to match your brassware.

ELEMENTS

Standard Element – MDLE002

IP55 Suitable for zones 1 and 2 of the bathroom. Each standard element contains an internal preset over the temperature switch and fail safe fuse. There is no thermostatic control although a suitably rated rheostat (CD-VR) will give thermal control when fitted into the electrical supply circuit.

MDLE002-AC003 Standard Element with T Dual Fuel **£101.99**

MDLE002SE Standard Element Sealed Electric **£206.99**

Heat Sensor Element – MDLE006

IPX5 suitable for zones 1 and 2 of the bathroom. Five temperature settings ranging from 30°C to 60°C. The device displays the temperature to which it is currently set and indicates the status of the heating cycle.

MDLE006-AC003 Thermostatic Element with T Dual Fuel **£314.99**

MDLE006SE Thermostatic Element Sealed Electric **£419.99**
