Subject: Notification of Product Discontinuation - ARALDITE® AV/HV 1580

Dear Valued Customer,

We are writing to formally notify you that Huntsman will immediately cease the supply and production of **ARALDITE® AV/HV 1580**.

This decision affects the following material references and descriptions:

- **168960000:** ARALDITE® AV 1580 25KG Q4E
- **168961100:** HARDENER HV 1580 25KG Q4E
- **157955600:** ARALDITE® AV/HV 1580 (10X500G) PCK 55E
- **4759608:** ARALDITE® AV/HV 1580 CI (4X2KG) PCK P2

This difficult decision follows the sudden and permanent cessation of supply. Despite our extensive technical and procurement efforts throughout late 2025 and early 2026 to secure an alternative source or a viable substitute, we have been unable to identify a replacement that aligns with our rigorous quality, safety, and performance standards.

Due to these insurmountable supply chain constraints, **Huntsman has no plans to resume production of these items in the future.**

Key Details Regarding this Discontinuation:

- **Effective Date:** Immediate.
- **Scope:** Permanent cessation of all new orders and production.
- **Alternatives:** At this time, no direct technical alternatives are available within our current portfolio.

We sincerely apologize for the disruption this may cause to your operations. While we cannot offer a direct drop-in replacement, our technical team remains available to discuss your long-term requirements and explore if other existing product lines may be adapted for your future needs.

Thank you for your long-standing partnership and professional understanding during this challenging transition.

Yours sincerely,

Huntsman Advanced Materials

Nolwenn Bellec

Senior Product Manager

ADMAT Europe Operational Marketing Components Portfolio

While all the information and recommendations provided herein are, to the best of Huntsman Advanced Materials' knowledge, information and belief, accurate at the present date, nothing herein is to be construed as a warranty, whether express or implied, of any kind or the product's merchantability or fitness for a particular purpose.
