Subject: Supply disruption for LOCTITE FREKOTE® products

Dear valued customer,

We are writing to inform you of a temporary supply disruption affecting the LOCTITE FREKOTE listed in Appendix 1 ("the Products"). Due to capacity constraints, we are currently experiencing limitations in available supply.

As a result of the production disruption, Henkel may not be able to serve your current demand for the Products. In that respect, you may experience a delay in your confirmed deliveries. We will also need additional time to confirm new orders. Our teams are actively working to manage capacity and restore normal service levels as quickly as possible.

Please be assured that Henkel is taking all necessary steps to explore alternative supply options and will maintain transparent and timely communication on order status. Your Henkel account or customer service representative will remain your primary contact for updates and will inform you as soon as confirmed availability and revised timelines are known.

We sincerely apologise for any inconvenience this situation may cause and appreciate your understanding and continued partnership. Thank you for your patience as we work through this temporary challenge.
