Subject: **Supply disruption for Loctite Products**

Dear valued customer,

We regret having to inform you of a disruption caused by logistic challenges affecting the supply of different Loctite products in our portfolio (see attachment 1 for full scope).

As a result of the production disruption, Henkel may not be able to serve your current demand for these products. In that respect, you may experience a delay in your confirmed deliveries. We will also need additional time to confirm new orders.

Please be assured that we are using all commercially reasonable means to leverage our global supply chain to address this situation, support our customers and avoid any further delivery disruption or delay to the extent possible.

Shall you have further questions please contact your local Henkel sales representative or customer service.

We regret any inconvenience this situation may cause to you and thank you for your understanding.
