Re: DYKEM® Cross-Check® EU/UK Sales Suspension and Reformulation

Dear Valued ITW Pro Brands Partners,

Thank you for your business and the trust you have in DYKEM® products. We are committed to delivering the quality and service you have come to expect.

We have recently been made aware of a change/expiration in the allowed use of a certain anti-fungal material within the EU/UK markets. As a result, use of and sales of the affected items within this region will need to be suspended immediately. These products will be reformulated as quickly as possible. Existing/open orders of these products will be cancelled and new orders from the EU/UK region will not be accepted until the product(s) are reformulated. Existing stock on-hand will need to be scrapped – please contact your ITW Sales Representative for further instructions.

Impacted items include:
