

September 2025

Product Design Change:

3M™ Impact Stripping Tape 500

3M™ Impact Stripping Tape 528

Dear Valued Customer,

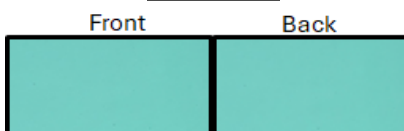

In the fourth quarter of 2025, 3M will begin producing 3M™ Impact Stripping Tape 500 and 3M™ Impact Stripping Tape 528 with an updated product design using consolidated manufacturing processes.

The products with the updated design will have similar fit and function to the legacy design, although you may notice a change in the color of the 3M™ Impact Stripping Tapes.

New Color

Our internal qualification test results indicate that the updated 3M™ Impact Stripping Tape 500 and 3M™ Impact Stripping Tape 528 will continue to conform to the same product specifications. There are, however, various factors that can influence the use of 3M products, therefore customers should evaluate whether these products continue to be suitable and appropriate for their specific applications and intended uses.

If you have any questions regarding this change, please reach out to your 3M sales representative.

Thank you for your continued support of 3M products.

Sincerely,

Luca Alessandro Panceri
Area Portfolio Manager
