**RE: Reformulation Notice – Silver-Plated Copper CHO-BOND & CHO-FORM**

13 February 2026,

Dear Valued Customer,

Thank you for your continued partnership with Parker Chomerics.

Due to the discontinuation of a critical raw material, several silver-plated copper filled CHO-BOND & CHO-FORM products have been reformulated. We ask that you please review the key details below and contact your inside sales representative with any questions.

All Part Numbers for Products Affected:

- 50-02-1038-0000
- 50-02-1038-1000
- 50-33-1038-0000
- 50-01-1038-0000
- 50-31-1038-0000
- 50-31-1038-2000
- 50-01-1121-0000
- 19-26-5528-0700
- 19-26-5528-0800
- 19-26-5528-0850

Key Details:

- Products qualified with replacement silver-plated copper meet Chomerics' internal product qualification and conformance specifications
- Products purchased to a customer's material specification may require notification and/or prior written approval from the Material Specification Custodian before shipping. It is the responsibility of the Purchasing party to confirm the Material Specification Custodian is notified of the reformulation of the material and approval of the change is granted prior to shipment.
- Customers may notice a slight color change for products qualified with the replacement silver-plated copper powder with no impact to form, fit, or function of the products
- Products qualified with replacement silver-plated copper powder will not require any SDS changes as they will be chemically equivalent to the original products
- Transition begins February 23, 2026
- Qualification reports are available upon request

For any questions, please contact your inside sales representative on +44 (0)1494 455400. We appreciate your business and will support a smooth transition.

Best regards,

Melanie French
