- Waste kits 1 year.
- Connecting pipework 1 year.

Care instructions summary:

- Clean the products regularly using soapy water and a non-abrasive cloth, regular cleaning will prevent the build-up of lime scale and dirt.
- Avoid contact with corrosive or abrasive substances.
- After cleaning rinse thoroughly with clean water then dry.
- For more detail see supplied booklet or www.abodedesigns.co.uk

The cut out size indicated is aligned with outside edge of the bowl top radius (similar to the example below).

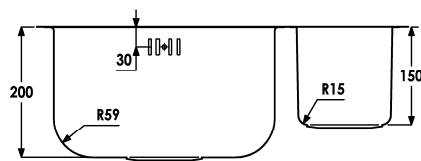

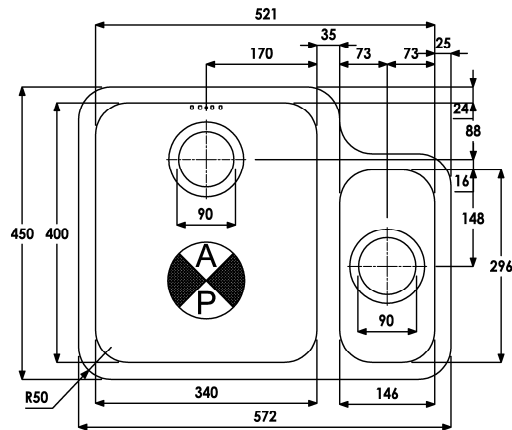

If you create the cutout smaller or larger than the indicated size then the fit of the accessories may be affected and should be physically checked.

All details are provided in good faith but do not include the tolerances of the material or manufacturing process.

Abode can not accept liability for problems or costs incurred by failure to follow this request.

According to the following conditions:
 The roof of this building is fixed with
 the best edge with a distance
 there appropriate.
 The should confirm with your client if
 the perimeter is solid to be fixed
 and perimeter side.
 If you create the solid number or
 under from this building and
 the perimeter of the roof cover
 are necessary to be fixed and
 within the information of this
 manufacturing process.
 It is recommended that a roof solid
 is added to ensure that the roof
 is fixed to the building and the
 resulting to filling the perimeter.
 There are not enough stability for
 to make this design.
 (R52) = 1:12 slope (R52)

Dishwasher under drainer? Distance from top of worktop to underside of the drainer N/A mm
